Diss MCC – Santon Enduro 2024

Round 1 - GH M/cs. Husqvarna ACU Eastern Enduro Championship

WELCOME FROM FORESTRY ENGLAND

Forestry England is pleased to provide the facility for an authorised enduro motorcycle event. Have an enjoyable weekend, enjoy the competition, follow the countryside code, leave no sign of your visit and please do not illegally ride.

All riders are reminded that the refuelling area is a walking speed area – no exceptions unless you are riding on the bypass provided. Even then, from the yellow flag into the control, you must not exceed walking speed. It is also important that all refuelling is carried out on an environmental mat, so make sure you bring one.

Once again, many thanks to GH Motorcycles of Colchester and G&B Finch for supporting the 2024 ACU Eastern Enduro Championship and Santon Enduro, plus Phil Roper and iDDECALS for providing the rider numbers and coloured backgrounds.

ACKNOWLEDGEMENTS

A big thank you from us to everyone who has helped to make this event possible:

Forestry England
GH Motorcycles and GB Finch
East Anglia Medical Care
iDDECALS Sudbury

ACU Eastern Marshals' Club
Raynet
4X4 Response

AND to all other marshals, helpers, officials and members of all clubs who continue to support our events.

LITTER: In previous years the club has suffered significant problems with litter. If you want your sport to continue we must all respect the environment.

Please take your litter home!

Diss MCC Ltd
GH M/cs. Santon Enduro 2024

Thetford Forest

25 February 2024

Start 09:00 am

Open Enduro

ACU Permit: ACU202124

An ACU Eastern Enduro incorporating the first round of the 2024 GH M/cs Husqvarna ACU Eastern Centre Enduro Championship. This is an Open Event held under the National Sporting Code, the 2024 Standing Enduro Timecard Long Course Regulations and the 2024 ACU Eastern Championship Enduro Regulations, together with the supplementary regulations and any final instructions which may be issued.

Noise InspectorTBC

AREA MAP

The Santon Enduro start: Ride 22 - 2 miles from Thetford on A134 towards Mundford

GH M/cs Santon Enduro – Foreword

It is great to be running the GH Motorcycles Santon Enduro again in Thetford Forest. As expected, the popularity of the event with its dry and sandy conditions, resulted in the entry of 200 riders filling up very quickly.

Nine times World Enduro Champion Steve Holcombe Red Moto Honda 250 and former British Enduro Champion Alex Snow – 350 AS GasGas have entered the event, but event favourite must be Luke Parker – RWT MPM Kawasaki 450. Luke is the master of the Thetford terrain and has the ability to put in very quick times even when there are no berms. Other riders in contention are GH Motorcycles Ben Cole – Husky 450. Also riding the event for GH Motorcycles will be Sean Southgate Yamaha 450. However, for Sean it will be first time out on a new machine and in an event where he does not have much experience. Expect Ben Clark, Beta 300 will also be up there. Ben is improving with every event and was very much on the pace at the Muntjac when the going got tight.

Getting authority to run events on Forestry England land takes a lot of time and effort and it is critical that we try and minimise our impact on the environment so please help to stamp out illegal riding. Please read the final instructions in full but some of the key points:

- Any refuelling must be on an environmental mat. This includes all generators associated with any rider or support crew staying over at the event.
- **Sorry no easy ups** in the refuelling area – not enough space on this event.
- Make sure your machine is compliant with enduro noise limits – random noise checks will be undertaken.
- Please tape your timecard to your front mudguard to minimise time control staff handling.
- Keep to the route at all times as there are some very sensitive historical banks and we must cross these at the designated point.
- Numbers and coloured backgrounds are being provided by iDDECALS but please make sure they are readable for time controls and special test timing.
- The event is not being timed by transponders.
- Please respect the forest and take your litter home.

As ever, we must thank our long-term sponsors, GH Motorcycles and all officials, marshals and helpers that enable us to run this event. We wish all riders a safe and successful day.

FINAL INSTRUCTIONS

Start/Finish: The event will start and finish within Thetford Forest at Forest Ride 22 on the Thetford to Mundford Road IP27 0TR – What3words ///meaty.spouse.headers . It will be sign posted from Thetford. The start time will be **09:00** hours on Sunday 25 February 2024. All riders will start four per minute.

Parking: Is limited along the fire road. Please park sensibly and do not erect large awnings in the parking areas or the refuelling area. There is **no** parking beyond the start/special test fire road. Officials only beyond this point. Keep this track open at all time as these are first aid routes.

Rider Numbers: These will be supplied by the club with coloured backgrounds. This will be available for collection between 13.00 and 15.00 Saturday 24th February and during signing on from 07.15 Sunday 25th February. Make sure you have a cloth to remove any dampness on your number plates.

It is also very important to make sure your numbers are readable as the event is not timed by transponder timing. The exit after the special test finish past the timing hut is walking pace!

Insurance: Riders must belong to a club affiliated to the ACU or the Scottish ACU. Any other riders, including Irish participants **must** obtain personal accident insurance, produce a licence issued by their sport governing body and show that they have received permission to ride this event and that they have taken out insurance. Ensure that you have sufficient insurance to protect you, your machine and your possessions (see also security below).

Signing On: Sunday 25 February from 07:15 to 08:30 adjacent to the **start**. Spot checks will be undertaken on licences.

Machine examination: Competitors should present their machines for examination between 07:15 and 08:30 on Sunday 25th February. Lights must be fitted for this event.

Tyres: Optional – Motocross or enduro type

Crash Helmets: Please ensure your crash helmet is provided in good condition and with the appropriate approved ACU transfer. The presentation of a non-approved helmet for examination will result in the helmet being retained by the Chief Machine Examiner for the duration of the meeting.

Noise Control: Riders must ensure their machines are not noisy and that the piston stroke is clearly marked on the crankcase. If your machine is tested and it exceeds the limit, the penalty is disqualification. **Noise checks may be undertaken at the event.**

Timecards. Please tape your timecards to the front mudguards.

Start Area: This will consist of one-time control plus special test start and finish. A rubbish skip will be provided within the start/finish area. Please ensure all your rubbish, litter etc. is placed within it or taken home.

Special Test: adjacent to the start area. This can be viewed **on foot** from 10:00 hours on Saturday 24 February. Viewing the special test by any type of wheeled bicycle/e-bicycle/scooter is prohibited. The test is approximately 1.6 miles in length.

Practicing and riding in the start area: Strictly no machines including minibikes, e-scooters, E-bikes, pit bikes, quads or mountain bikes etc., to be ridden in the forest, including the start area at any time during the weekend. Practising on the course with a mountain bike/ebike is prohibited.

Check Times: Check times will be sent to riders via Sport80 Saturday 24 Feb after 6pm. They will also be available on Sunday morning of the event from 07:30am

Work area / Parc Ferme: There is no official work area or Parc Ferme – you are required to present your machine at the start line at your booked start time. **Environment mats must be used at all times** when machines are being serviced/re-fuelled. **Penalty up to disqualification. Make sure any generator you have at the event is also located on an environmental mat.**

Maximum late allowance: 30 minutes all classes

Warming up engines: Start line procedure is dead engine start as per ACU standing regs. No machines warmed up prior to the start

Route: The lap mileage will be approximately 12 miles with one-time control per lap. As the course crosses a public byway riders must ensure that their machine meets the Enduro Standing Regulations i.e. riders are solely responsible for ensuring that their machines are road legal. The number of laps will depend on class and the special test will be timed on laps one and two. It is anticipated that championship will ride 6 laps, experts 5, and clubmen 4 but the final instructions will confirm the number of laps, as always, subject to weather conditions.

Gates of arrows – the route crosses some very sensitive environmental areas which are marked by gates of arrows – it is essential that all riders keep to the marked course. Riding outside the gates of arrows is disqualification – no excuses!

Blue Tape Restricted Speed Areas: The refuelling points and approach to the time control are designated restricted speed areas. These will be marked with blue tape and riders **must not exceed walking pace**. The penalty for failing to comply with this regulation is disqualification!

Final Time Control: On the final lap for each class there will be a direct run through the trees to the finish to ensure separation from the re-fuelling area. Follow the green arrows after the finish control back to the start area. Please clear the time control area as quickly as possible.

Re-fuelling: Is only permitted within the designated area. This is within the start/finish area. Space is very limited so please put fuel towards the outside of the refuelling area and keep the centre clear. **There will be a direct run through to the time check avoiding the re-fuelling area – this is not for re-fuelling under any circumstances and no waiting in this area.** No bicycles are permitted in the refuelling area.

Easy-Ups are not permitted within the main re-fuelling area due to restricted space.

Smoking in the re-fuelling area is forbidden!

Outriding/Support Vehicles: Under no circumstances is outriding permitted with motorcycles or other vehicles. Failure to carry out these instructions by either rider or support crew will result in the rider being disqualified from the competition.

First Aid: First Aid cover for the event will be provided by East Anglian Medical Care Ltd and two qualified Paramedics. The First Aid Centre and Raynet Control HQ will be provided within the Start/Finish area where ambulance cover will be available. There is an out-based radio point provided by Raynet Radio operators.

Hospital: The nearest hospital A & E is the West Suffolk Hospital at Hardwick Lane, Bury St Edmunds, Suffolk, IP33 2QZ (approximately 18 miles via the A134),

Telephone 01284 713000. Accident and Emergency Telephone 01284 713333.

Retirement: If you retire, you must ensure that your time card is handed in immediately at the time control to enable the club to account for all riders at the conclusion of the event.

Course Cutting: Any rider course cutting will be subject to a penalty up to disqualification.

**And finally don't forget...LOCK IT
OR LOSE IT and don't be followed home**
