FOR CONDITIONS OF ADMISSION SEE INSIDE

WARNING - MOTOR SPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen.
Please comply with all instructions of marshals and notices and remain in permitted areas only.

They are concerned with your safety

Abandonment or Cancellation

The organisers reserve the right, with the approval of the steward, to postpone, cancel or abandon the meeting or any part thereof should circumstances warrant such action.

Copyright

All literary matters in the official programme including the list of competitors and their racing numbers is copyright and any person making illegal use thereof will be prosecuted. It is also a condition of admission to any event held under an ACU Permit that no part of the meeting can be filmed or video recorded and/or video transmitted in any way without the written consent of the promoters/organisers and/or the ACU except for the sole purpose of private enjoyment.

Additional Notices

The organisers, the ACU and the landowners, do not hold themselves responsible for loss or damage howsoever caused to vehicles or goods left in the car parks. Please do not leave paper or litter behind, it all has to be cleared by tired voluntary helpers after the meeting.

Riding in the Paddock

Your attention is drawn to the serious consequences which could arise following an accident caused by unauthorised riding of any sort of machine in the paddock.

The riding of machines of any sort in the paddock and areas surrounding the circuit is totally forbidden. It cannot be stressed too highly that liability for a substantial claim could rest with the owners of the vehicle and the driver (or the parent in the case of a minor).

The Union's insurers will quite legitimately repudiate any claim on them for damages arising out of the accident caused by an unauthorised driver.

**I hope you have had a great day,
but please remember.....**

**.... this is where I live, so it would
be really nice if you would take
your litter home with you.**

WELCOME

It's great to have the NGR and the South Eastern EVO riders back at Wattisfield Hall competing in the last event of the year at this venue. Despite a disappointing expert entry in the all-comer classes, which is often the case at this end of the season, the ever-enthusiastic NGR boys have done us proud with a full gate ready to take points from series leader Aaron Hopkins.

We would like to extend our thanks to all programme advertisers, particularly Clarks of Walsham and Steve Lumley Planings from Bury St Edmunds who have supported the club with material to repair the track and the pit access road.

A big thanks also to the Wyatt family as we've now had the privilege of using this land since September 1962, plus the residents of Wattisfield village for their understanding and cooperation. Finally, I would like to extend our thanks to all marshals, officials, helpers and medical staff without whom the event would not be possible.

We wish all riders, and their pit crews and families, a great day's racing, and to everyone a safe event and safe journey home.

Wally
(Paul Hubbard)

The following flag signals will be used at this meeting:

Red All Riders must stop. Riders must not pass any red flag unless authorised or directed to do so and then proceed at a slow pace.

Yellow Still Danger, take care. Ride with caution.

Yellow Waved Great Danger, prepare to stop, no overtaking. A significant reduction in speed must be seen, therefore jumps should not be attempted. *Marshals are only advised to wave their flags when riders are stopped on the course in a dangerous position or being attended to by officials or medical staff.*

Black with the rider's number clearly shown on a board. That rider to stop racing immediately and leave the track.

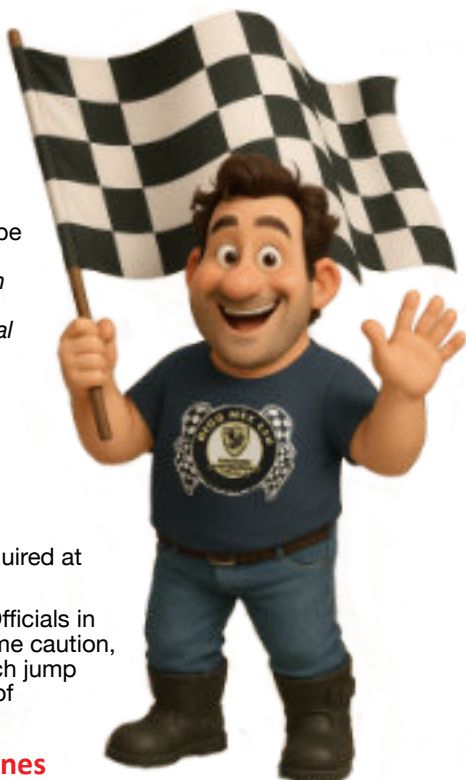

Green Riders under starter's orders.

Chequered Finish.

White with Red Cross Still: Medical attention required at that post.

White with Red Cross Waved Medical Crew & Officials in attendance on live race track. Proceed with extreme caution, riders must significantly reduce speed and roll each jump individually with no overtaking until past the area of concern

No riding of bikes in the paddock. Machines must be pushed with the engine dead.

Just a reminder that riding in the paddock at any ACU Eastern Motocross events now carries penalties and fines.

You were made aware of this in your Supplementary Regs, additional notes when you entered and final instructions.

The full statement is on the ACU Eastern website. If you are seen riding in the paddock you will be given a J5 form with the penalty issued, and this will be kept on record by the ACU Eastern Motocross Committee.

NSC 8.5 RIDING IN THE PADDOCK

Riding motorcycles in the paddock is strictly prohibited. Warning signs must be displayed, and all machines must be pushed with the engine off. Riding at a slow pace is only permitted within designated bike lanes where provided; however, upon exiting these lanes, machines must be pushed immediately.

First Allcomers Practice Group

5 minutes free practice followed by 10 minutes timed practice.

Riders will be split into two groups, based on qualifying times. The fastest 50% (max 44) riders will be in Group A, with the remaining riders in Group B.

Riders for each race group will be determined after **ALL** practices have been completed.

HAVE A SAFE JOURNEY HOME

Knowledge, professionalism and experience are the hallmarks of Steve Lumley Planing.

We are proud to have been specialising in road planing for almost 35 years across the north coast of Norfolk, through Suffolk, Cambridgeshire, Essex and into Hertfordshire.

Our central location within the East of England, coupled with our expertise, makes us perfectly placed to work across all types of road planing, motorway and highways repairs and maintenance.

We also work at all major airports through the Eastern Region, supporting runways and taxiways removal and repairs.

Operating a 24-7 service from our state-of-the-art, six-acre headquarters in Bury St Edmunds, Steve Lumley Planing is proud to supply customers – big and small, national and local – with a modern fleet of road planing machines and supporting equipment.

We offer a one-stop shop for all planing needs with a fleet that includes tipper lorries, suction road sweeper, low loaders and purpose-built transporters.

This allows us to respond to any job with both professionalism and speed.
